

Wax & Clean

another product from vesting lab.

Vesting Wax & Clean is a water-based maintenance and cleaning product in one used for (hard) wax oil and wax impregnated wooden floors. Wax & Clean provides a anti-slip effect and adds an additional thin coat of protection against moisture and stains.

Vesting provides all necessary maintenance, cleaning, servicing and repair items which are necessary to support wooden surfaces treated with (hard) wax oil or UV-oil.

Products for **excellent abrasion, scratch and water resistance.**

Vesting Wax & Clean is also part of the Vesting Maintenance Package

COLORS

- Natural

PACKAGING

- 15 x 1 liter
- 9 x 2,5 liter
- 4 x 5 liter

DIRECTIONS FOR USE

Vesting Wax & Clean should be applied 21 days after the final coat of Vesting Wax Oil to allow for proper drying of the original finish.

To use add approximately 200-300 ml Wax & Clean to 10 liter of water (6-10 oz per 2½ gallons of water). Take a (cloth) mop and wring out making the mop damp. Clean the

floor with the Wax & Clean / water mixture. Excessive water must be removed from the floor immediately. Never drench or allow water to pool and sit.

Storage
Store in original closed packaging in a frost free place.
